< Nexr Guest Page Thank you!

Nue : The tendons of the back of the knee and the ankle!! To think you actually drew it.
Thank you~~~~~!! And the abundance of underwear!!

Kalna : Thank you for drawing my strange request of Shizuo just out of the shower
and clipping his toenails! The books under the bed are porn mags.

Nue
Ah

Is you're looking
for Shizuo
he's sleeping
under me

Meow

The guest request was
"Back of the knee"
and "Ankle tendons"

The back of
the knee?

Meow

There weren't many
shots of his face so
I forced in the two on the top.
They're rough sketches
but I put my all into the
backs of the knees!

Is this okay for an
all-ages book? (°_°)

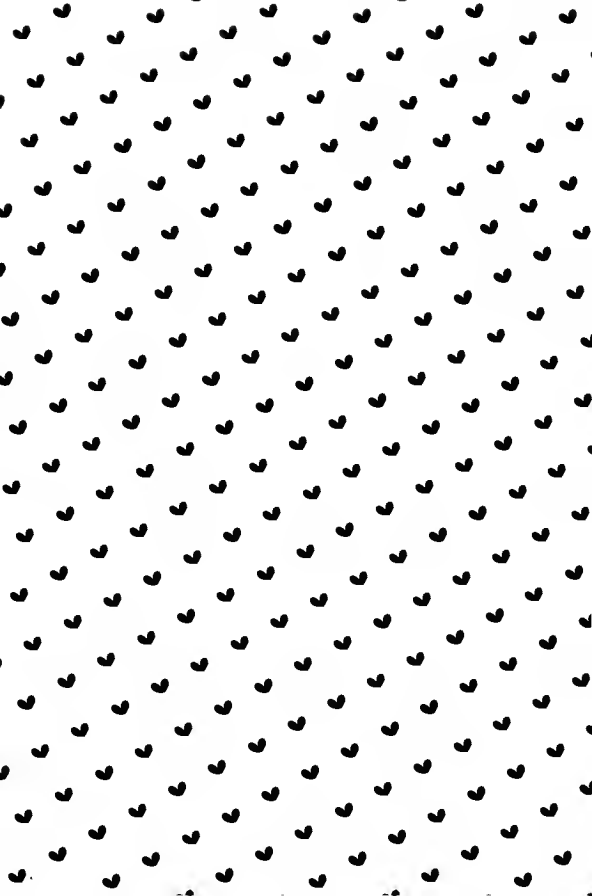

How did I end up like this?
